We Secure Society

School Programs

For Cyber Security Awareness

Why Cyber Security is Important **for Students:**

- **Cyber Laws are getting strict day by day.** Students use Internet most of the time (even study/home work).
- They don't know when their "fun" activity becomes a cyber crime.

- **No Guidance.** Most of the parents are not tech savvy and unable to guide them.
- Parents believe their children can't be doing something wrong on any cyber related things that could bring disrepute to them.

Copywrite weseso.org | Official Use Only

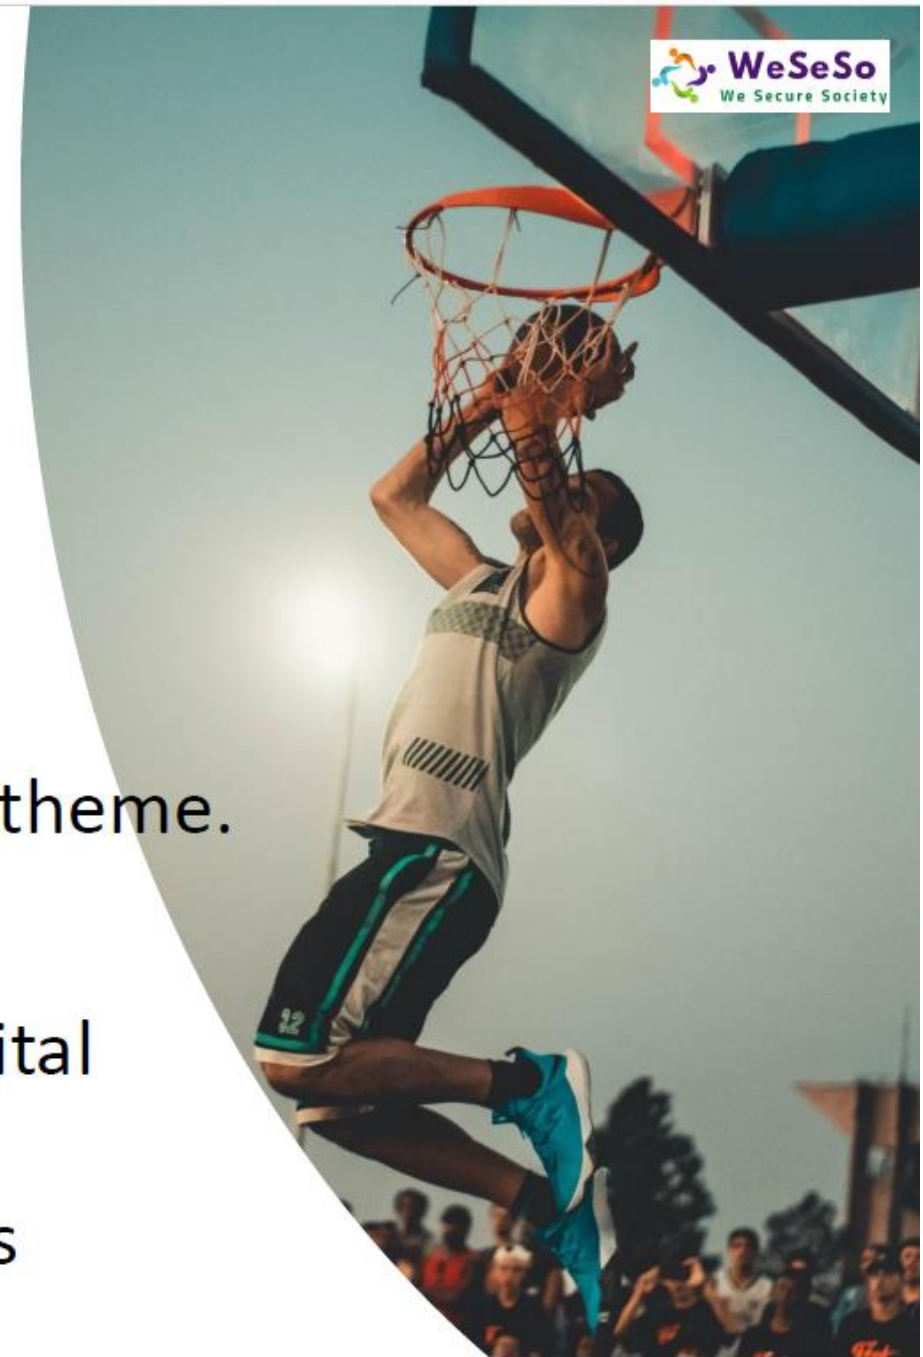

- Hackers are Targeting these students as they are most vulnerable due to immature brain.
- **Predators with fake social media profiles** throw attractive 'baits'.
- Ever increasing crime against children is proof of criminal's success

CYBER CHAMPION AWARD

(For Class VI-XII)

- Students are invited to write Articles/Cartoons/paintings/video on a given theme.
- They will be assessed by a panel of experts
- Selected items will be posted on Website, digital magazine, YouTube channels
